

69, RUE RAYNOUARD (XVI<sup>e</sup>)

April 93. 1915

Dear friend.

You must excuse my silence. We have been most busy all these days and months. Since we left London we went to Switzerland for 6 weeks and then have been giving concerts the rest of the time for the fund we have for the artist-musicians who are in need. So I hope you will forgive my negligence. I enjoyed your booklet very much and received it safely.

I am coming over to London very soon (in May) and will let you know when I am there so that we can see each other. My wife may join me later in the month.

I hope you are all well and that the baby is getting on.

With all best wishes and many thanks for  
your kind letter, from us both

yours cordially

Walter Rummel
